## Education

### Lakshmi narain college of Technology

2021 - 2025

Bachelor of Technology

BHOPAL

- GPA : 7.78/10.00

## Experience

### TXON

NOV 2022 – DEC 2022

Web Developer - Intern

Remote

- Designed and implemented user-friendly and visually appealing web interfaces using HTML, CSS, and JavaScript, ensuring seamless user experiences across devices.
- Worked on various projects, including a Portfolio Profile, To-Do List application, Calculator, and Landing Page, demonstrating versatility in front-end development.
- Focused on creating intuitive and responsive designs that enhance user engagement and satisfaction, ensuring high performance and accessibility.

### Infosys

APRIL 2024 – JUNE 2024

Angular Developer - Intern

Remote

- Developed and implemented user interfaces using Angular, ensuring dynamic and responsive web applications.
- Integrated front-end with Spring Boot backend, managing project builds with Maven and creating reusable components to streamline development.
- Collaborated with backend developers on designing and implementing RESTful APIs for a comprehensive matrimonial website project, enhancing functionality and user experience

## Projects

### CareConnect | Donation Website

Aug 2023 - Jan 2024

- Developed a responsive and user-friendly donation website using HTML, CSS, and JavaScript for the front-end, and Express.js with MongoDB and Node.js for the back-end.
- Implemented features to facilitate seamless user interaction and ensure a positive user experience throughout the website.
- Demonstrated skills in time management, teamwork, presentation, and report writing, contributing to the successful execution and delivery of the project.

### CrimeLens | Database Website

Jan 2024 - June 2024

- Analyzed extensive crime data using Python and SQL, developing predictive models with machine learning algorithms to identify patterns and trends.
- Created visualizations and dashboards in Tableau and Power BI to effectively communicate insights and enhance public safety efforts.
- Demonstrated proficiency in data analysis, Python, SQL, machine learning algorithms, data manipulation, and data visualization tools.
